Core Skills

Software Development Fundamentals

Problem-solving

Teamwork

Logical Reasoning

PROJECTS

Snow Bros Game

- Developed a desktop game using Object-Oriented Programming concepts.
- Implemented player movement, collision handling, and game logic.
- Managed project version control using GitHub.

GlowGuide

- Developed a skincare recommendation website.

- Integrated skin-type-based product suggestions.
- Included doctor consultation functionality.

Console Battle Royale Game

- Designed a multiplayer console-based game in C++.
 - Implemented gameplay mechanics and user interaction systems.
-

ACHIEVEMENTS

Developed multiple software projects using C++ and web technologies.

Applied Object-Oriented Programming and problem-solving techniques in academic projects.

Maintained project repositories using Git and GitHub.
